CAREER ROAD MAP FOR UNDERGRADUATES

Innovative ecosystem

As a young, globally-connected, and forward-looking university, we understand that a tertiary education does not just mean preparing graduates to be work-ready. We also understand the passion that many students have of starting their own businesses, becoming entrepreneurs or venturing into their family businesses. In that way, our graduates are not just employable but capable of engineering their own careers!

Here are some of the platforms and support that Sunway students have access to:

- **iLabs** - Provides the mentorship required for start-up, networking between start-ups and corporate investors, and provides funding through the start-ups accelerator programmes. Also the home to Sunway XFarms, and the Startup Runway Mentorship Programme among others.

- **Startup Semester at UC Berkeley** - Learn the UC Berkeley Method of Entrepreneurship, an approach emphasising hands-on venture building to learn the mindsets and behaviours leading to entrepreneurial success.

- **Makerspace** - Access to technology (such as 3D printer, laser cutters, design software) and resources to foster entrepreneurship and stimulate market-driven innovations.

- **Start-up Foundry** - A full-semester, elective course consisting of 10 building blocks of hands-on venture building, including rapid prototyping, storytelling & pitching, venture financing, and legal perspectives in building startups.

Storytelling through data analytics

Sunway Analytics Society members attending a data visualisation software workshop on campus. Business Intelligence and visual analytics platform (e.g. Qlik Sense, PowerBI, tableau) allow visual access to huge amounts of data in pictorial and graphical format.

Did you know?

Data collected can also be applied across various industries, for example:

- Fraud detection - Applying algorithms to recognise suspicious patterns to protect banks and customers
- Machine learning - Developing smarter, more intuitive machines and technology through pattern recognition
- Healthcare - Insights from population statistics can be used to analyse the spread of infectious diseases
- Human resource - Improve hiring patterns, staff engagement and staff retention
- Renewable energy - More accurately forecast the amount of energy (i.e. wind/solar energy) that can be redirected into the power grid or stored.

Victoria University English for Business Enrichment Programme

This programme is available to students who have met the Academic Requirement but not the English language requirement to join Victoria University Bachelor of Business. Upon successful completion, students will be awarded a certificate by Sunway College and will start the Victoria University Business programme on the next available intake. This programme covers 130 hours of instruction over 10 weeks.

Intakes: April, July

Intensive English Programme (IEP)

The Intensive English Programme (IEP) is a full-time course that equips students with the English Language skills necessary to undertake university-level programmes taught in English. Once you achieve the required proficiency level, you will be ready for one of Sunway's many academic programmes.

This programme covers listening, speaking, reading, and writing components, with an emphasis on English for academic purposes.

Students in the programme are streamed into one of 4 levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks:

- Elementary
 - Pre-Intermediate
 - Intermediate*
 - Upper Intermediate*
- (*with complimentary IELTS preparatory class)

Intakes: January, April, July, September

IELTS Preparatory Course

Students may choose to take a part-time preparatory course for IELTS (International English Language Testing System), an English language test which meets the language entry requirement for many higher education institutions worldwide. The IELTS preparatory course involves 30 hours tuition over a 10-week period.

Chinese Independent School Alumni (CISA) Club 双威大学独中校友联谊会

 sunwaycisaclub  Sunway CISA Chinese Independent School Alumni
 sunwaycisa  小C小SA at 双威

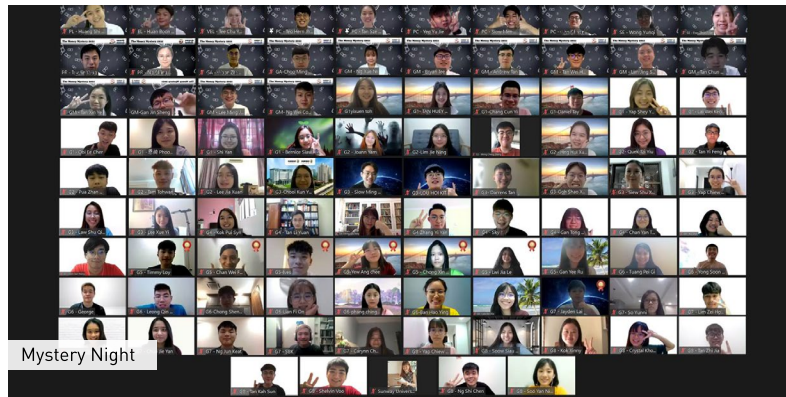

Started in 2010 as a platform to unite CIS students from around the country who are studying in Sunway University, the CISA club is one of the most active clubs on campus.

Many students have discovered their talents and passions through participating in CISA activities, giving them a more holistic experience beyond academic development.
