DISTINCTIVE SUNWAY EXPERIENCE

Leveraging on the Sunway ecosystem

Gain clinical experience at Sunway Medical Centre, a leading private quaternary hospital in Malaysia with a range of comprehensive medical and specialised services.

The Sunway Healthcare Group, with its network of hospitals, specialist centres, and ancillary healthcare services, provides abundant opportunities for exposure into a myriad of fields within healthcare.

Digital health and telemedicine

Be at the forefront of high-tech healthcare delivery with exposure to telemedicine platforms, digital health solutions and other technological advances.

Inter-professional education

Be prepared for clinical practice and the next level of training by learning the roles and dynamics within a healthcare setting, and how best to collaborate with a multidisciplinary healthcare team.

Dynamic interplay between the health and well-being of humans and the planet

Clinical competency and medical knowledge are expected of each medical graduate, but beyond that, this programme aims to nurture compassionate doctors who approach healthcare challenges holistically with planetary health and sustainability perspectives.

World-class research ecosystem

Students can immerse themselves in research projects with Sunway University's established global partners such as the University of Cambridge, Oxford University, and Harvard University that seek to find innovative solutions to the most pressing healthcare challenges.

Transformative community initiatives

Through on-going community projects, get involved in raising awareness on environmental health, hygiene and nutrition, to safeguard and improve public health.

Victoria University English for Business Enrichment Programme

This programme is available to students who have met the Academic Requirement but not the English language requirement to join Victoria University Bachelor of Business. Upon successful completion, students will be awarded a certificate by Sunway College and will start the Victoria University Business programme on the next available intake. This programme covers 130 hours of instruction over 10 weeks.

Intakes: April, June

IELTS Preparatory Course

Students may choose to take a part-time preparatory course for IELTS (International English Language Testing System), an English language test which meets the language entry requirement for many higher education institutions worldwide. The IELTS preparatory course involves 30 hours tuition over a 10-week period.

Intakes: January, April, July, October

Intensive English Programme (IEP)

The Intensive English Programme (IEP) is a full-time course that equips students with the English Language skills necessary to undertake university level programmes taught in English. Once you achieve the required proficiency level, you will be ready for one of Sunway's many academic programmes.

This programme covers listening, speaking, reading, and writing components, with an emphasis on English for academic purposes.

Students in the programme are streamed into one of 4 levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks:

- Level 2 (CEFR A2)
- Level 3 (CEFR B1)
- Level 4* (CEFR B2)
- Level 5* (CEFR C1)

(*with complimentary IELTS preparatory class)

Intakes: January, April, July, October

Innovative Ecosystem

As a young, globally-connected, and forward-looking university, we understand that a tertiary education does not just mean preparing graduates to be work-ready. We also understand the passion that many students have of starting their own businesses, becoming entrepreneurs or venturing into their businesses. In that way, our graduates are not just employable but capable of engineering their own careers!

Here are some of the platforms and support that Sunway students have access to:

iLabs

Provides the mentorship required for start-up, networking between start-ups and corporate investors, and provides funding through the start-ups accelerator programmes. Also the home to Sunway XFarms, and the Startup Runway Mentorship Programme among others.

Startup Semester at UC Berkeley

Learn the UC Berkeley Method of Entrepreneurship, an approach emphasising hands-on venture building to learn the mindsets and behaviours leading to entrepreneurial success.

Makerspace

Access to technology (such as 3D printer, laser cutters, design software) and resources to foster entrepreneurship and stimulate market-driven innovations.

Start-up Foundry

A full-semester, elective course consisting of 10 building blocks of hands-on venture building, including rapid prototyping, storytelling & pitching, venture financing, and legal perspectives in building startups.

OPPORTUNITIES IN SUNWAY GROUP >

Aerial view of Sunway City

When you study in Sunway University, you live, learn, work, and play in Sunway City. Whether it's to go to Sunway Pyramid for an ice-skating session with friends, or to Sunway Medical Centre for a health check, you will have plenty of opportunities to interact and get exposure in Sunway's businesses. The Sunway Group is one of Malaysia's largest and most formidable conglomerate with 13 business divisions across 50 locations worldwide and a 16,000 - strong employee base.

OUR ALUMNI

Our graduates go on to join the workforce or further their studies in their area of specialisation.
